Welcome to Trigol Venture

Trigol Venture is a dynamic export company from India, dedicated to bridging global markets and delivering premium agro, herbal, and eco-friendly products that meet EU, USA, and worldwide standards.

Founded with a clear vision to simplify global trade, we focus on ethical, transparent, and efficient exports—from spices, rice, pulses, and moringa to psyllium husk, jute bags, clayware, and areca leaf products.

Our mission is simple: connect quality Indian products with international buyers, creating partnerships built on trust, consistency, and long-term growth.

At Trigol Venture, you don't just get a supplier—you gain a reliable export partner committed to helping your business succeed in the global marketplace.

Whether it's agricultural products, herbal products, eco-friendly items, or consumer goods, our team ensures timely delivery, competitive pricing, and dependable service. With a global outlook and a dedication to excellence, Trigol Venture is more than just an exporter—we are your reliable gateway to international markets, helping businesses expand and succeed worldwide.

Company Profile

From the humble town of Bajud, Bhavnagar, three brothers — Parth, Akshay, and Paresh Golakiya — dared to dream beyond boundaries. Life offered no shortcuts. They faced struggles, sacrifices, and countless rejections, yet carried something stronger than every challenge — a shared vision to take Indian products to the top of the world.

Growing up in a middle-class family where opportunities were few but dreams were infinite, they refused to settle for the ordinary. Instead, they chose to build something that uplifts not only themselves but also farmers, artisans, and small businesses across India, giving Indian excellence a global platform.

Spices Products

At Trigol Venture, we deliver premium-quality spices sourced directly from trusted farmers and producers. Our wide range of spices includes turmeric, cumin, coriander, chili, black pepper, and other aromatic varieties that add flavor, color, and health benefits to cuisines worldwide. Every spice is carefully cleaned, processed, and packaged to preserve its natural essence and purity

Pulses Products

We are a trusted exporter of premium-quality pulses, delivering a wide variety such as lentils, chickpeas, peas, beans, and other legumes to global markets. Sourced directly from reliable farmers and processed under strict quality standards, our pulses are known for their natural taste, high nutritional value, and long shelf life. With advanced cleaning, grading, and packaging facilities, we ensure every shipment meets international food safety and quality requirements.

Fruits Products

Trigol Venture exports farm-fresh, premium-quality fruits grown in India's most fertile regions. We partner with certified growers and use modern post-harvest techniques to ensure maximum freshness, natural taste, and international compliance for global markets. All fruits are sorted, graded, and packed with strict quality checks to meet export requirements.

Areca Leaf Products

Trigol Venture exports eco-friendly, biodegradable Areca Leaf Tableware, manufactured from naturally fallen areca palm leaves. Sourced from sustainable farms in India, our Areca Leaf Plates, Bowls, Trays, and Tableware Sets offer an ideal alternative to plastic and paper products, aligning with the global shift towards sustainability. All products are chemical-free, compostable, and suitable for both hot and cold food applications — making them highly popular in international catering, hospitality, and retail sectors.

Clay Products

Trigol Venture exports eco-friendly, handcrafted clay products made from 100% natural and chemical-free clay. Our Clay Cups and Clay Bottles are designed for modern sustainability needs while preserving traditional Indian craftsmanship. These items are reusable, biodegradable, and free from plastic or harmful coatings — making them ideal for health-conscious and eco-aware consumers worldwide.
